Reconnoissance of the 8th Illinois Cavalry.

(Correspondence of the Philadelphia Inquirer.)

WASHINGTON, May 27.—From one of the Inquirer correspondents we receive the following:—On Friday last the Eighth Illinois Cavalry, under Clendenning, started on down the Peninsula formed by the Rappahannock and Potomac, upon a tour of inspection, with instructions to completely scour the country.

After reaching the neighborhood of King George's Court House, they divided into three battalions under the respective commands of Colonel Clendenning and Majors Beveridge and Medill. One squad following the road near the Rappahannock, another taking the centre road, and the third the road nearest the Potomac. On Monday, the headquarters of the two first battalions were established at Lancaster Court House, the last being at Heathsville.

Day and night during the next five days detachments were sent out from these points, every foot of ground down to the bay, and from river to river being gone over. The result was that four through routes of transit for contraband goods have been demolished, many of the parties operating have been caught in the act, and together with such goods as were of value, have been returned within the Federal lines.

Over a hundred and twenty-five prisoners were captured. Over fifteen hundred contrabands are among the followers of this returning party. Nearly eight hundred horse are also among the captured articles. Other bodies of cavalry are yet down in that vicinity.

OFFICIAL DESPATCHES.—The following despatches from General Pemberton, the commander at Vicksburg, were sent to Jackson, Mississippi, and thence telegraphed to President Davis:—VICKSBURG, May 20.—The enemy assaulted our entrenchments yesterday, on our centre and left. They were repulsed with heavy loss. Our loss is small. The enemy's force is at least 60,000.

VICKSBURG, May 21.—The enemy kept up a heavy artillery fire yesterday. Two of our guns were dismounted in the centre; our works, however, were injured. Their sharpshooters picked off officers and men all day. Our works were repaired and our guns replaced last night. Our men are encouraged by a report that General Johnston is near with a large army, and are in good spirits.

May 21, 2 P. M.—We have had brisk artillery and musketry firing to-day, also heavy mortar firing from gunboats.

Three o'clock P. M.—During the past two days transports with troops have gone up the river. Their destination is unknown.

An official despatch from General Johnston, dated the 23d, says:

"It is said here to-day that another assault was made near the Jackson road, and also repulsed. Confidence in Pemberton's ability to maintain his position is expressed, and hopes are given of final success."

Secretary Chase expects to make a short visit home in about three weeks. It will be his first return to Ohio since he came to Washington as a delegate to the peace Convention, in the winter of 1861.

POSTSCRIPT.

LATEST FROM VICKSBURG.

CHICAGO, May 29.—The Times' special, dated "in the field, near Vicksburg, 23d, 9 p. m.," says: No fighting to-day; the troops resting from yesterday's assault. Our repulse was complete on all parts of the line. No discouragement need be entertained of our final success. We are intrenching ourselves and building rifle-pits.

Cavalry has been sent out towards Canton to ascertain the whereabouts of Johnson's forces. Our loss yesterday was not far from a thousand men.

The Times' special Memphis dispatch, dated the 27th states:—The steamer Sultana, from Young's Point, is reported lost. On Friday the Federal forces were repulsed at Vicksburg.

The steamer City of Memphis, from the vicinity of Vicksburg, arrived to-day, and reports Grant as having captured every rebel redoubt.

At one place it was necessary, owing to the steepness of the hill, to scale it with ladders.

General Hovey led the assault. The rebels rolled shells down the hill at the Federals, which exploded amongst them, making fearful havoc.

Fighting was going on furiously when the City of Memphis left.

Gen. Lee's Army Reported to be in Motion.

NEW YORK, May 29.—The Herald has a dispatch from the Army of the Potomac, dated 28th inst., stating:

The enemy is in motion. Their trains are being observed moving towards Culpeper, followed by heavy columns of troops.

Gen Lee it is said has issued an address to his army congratulating them upon their past achievements and foreshadowing a raid into Maryland. He tells them they are to have long and rapid marches through a country without railroads, and calls upon every man to be prepared for severest hardships.
